

Flora Harris pilots  
'dominant mare'  
Diamond Holly to the  
CGI® runner-up spot

Flora Harris and Diamond Holly's fault-free jumping rounds elevated them from fifth after dressage to eventual runners-up.

"We call her Princess at home and that pretty much sums her up — she's a right diva and a very dominant mare," said Flora.

Now eight years old, the mare has very low mileage as it's taken Flora and her team a while to learn how to most effectively manage her, both in the stable and under saddle.

"She's very strong and likes to be in control so we've had to make a lot of compromises, but I think an awful lot of her," Flora admitted.
